WORK EXPERIENCE

Cytotechnologist II

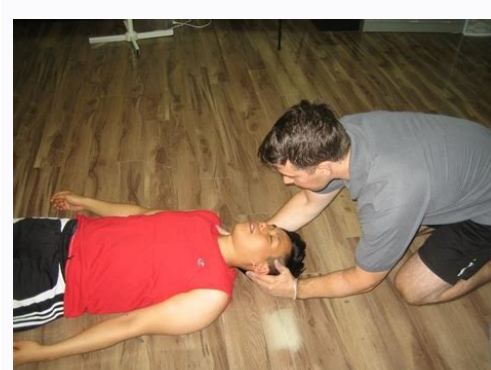

US Army, Carl R. Darnall Army Medical Center - September 2014 – 2019

- Collected, stained and processed Gynecological and Non-Gynecological specimens.
- Accurately screened clinical specimens for evidence of cancer or other pathological conditions to include marking abnormalities.
- Assisted and advised Physicians of specimen adequacy when performing Fine Needle Aspirations.
- Participated in continuing education and quality control programs. Served as interim supervisor of the Histology section.
- Prepared microscopic slides on human tissue for diagnostic purposes.
- Processed specimen accessioning to include all manual and computerized entry.
- Evaluated the adequacy of stains and chemicals for the use and adjusted accordingly.

Cytotechnologist

St Joseph's/Candler Hospitals - 2013 – 2014

- I screen gyn and non-gyn specimens, assist doctors with biopsy procedures, and am proficient in accessioning and preparation of specimens for analysis.
- I work with a skilled team of cytotechnologists and laboratory professionals aiding a group of five area pathologists.
- Skills Used My responsibilities include gyn and non-gyn screening of conventional, ThinPrep, SurePath, and Romanovsky-style specimens.
- Assist radiologists on FNA and EBUS procedures, helping with specimen procurement, accessioning, staining and analysis of the slides.
- My laboratory work encompasses applying proper safety measures and techniques in the processing of fresh specimens, which includes grossing in, accessioning, and spinning specimens down for Cytospins, ThinPreps, and cell blocks.
- Change stains for manual-staining and auto-staining, and I routinely coverslip my work both manually or with the automated coverslip machine.
- Also have some experience with the ThinPrep Imaging system.
